DETAILED ACTION
EXAMINER'S AMENDMENT

This Office action is responsive to the amendment filed on March 18, 2003.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows: cancel claims **3-4** as being directed to a non-elected invention (without traverse).

1. Claims 1-2 and 5 are allowed and renumbered as 1-3, respectively.
2. The following is an examiner's statement of reasons for allowance:

The prior art taken either singly or in combination fails to anticipate or fairly suggest: a) the first layer and the second layer included a dummy pattern, each arranged to alleviate for a difference in density in a planar layout of wiring pattern in a same layer, and the dummy pattern of the first layer and the dummy pattern of the second layer being electrically connected with each other, as recited in claim 1; and b) a designing device comprising: a dummy pattern generation means, an unconnected dummy pattern setting means, a first recursive process executing means, and a second recursive process job executing means, as recited in claim 5; especially when these limitations are considered within the specific combination claimed.
